EDS Checker Software Order Form

DeviceNet EDS Checker Software Tool – Order Form

Price: ODVA Members $250.00 net; Postage (UPS Ground/Int'l) plus Handling ($3.25) extra
Non-Members $500.00 net; Postage (UPS Ground/Int'l) plus Handling ($3.25) extra

ODVA Conformance Labs use the same software to check EDS files as part of the testing process. The DeviceNet Specifications will change from time to time, and the overall level of compliance checking will continue to improve. Buyers of the DeviceNet EDS Checker Software will receive updates from time-to-time as they are published.

The DeviceNet Conformance Test Software is intended for use by companies/developers interested in self-testing their product prior to having the test performed by ODVA's Independent Test Labs. The Software is intended for use as a complement to the buyer's own testing. It does not guarantee product conformance to the DeviceNet Specification.
